

Product overview

Successor to the Sensio classic, Quadra, the Solo is a new and improved option that is sure to look good in any style of kitchen.

The product features an elongated body which provides a vast spread of light across the worktop – perfect for task lighting, as well as fully diffused light source so no individual diodes can be seen.

Installation is also made quick and simple due to the magnetic casing and daisy-chain method of connecting light's to one-another rather than having to link back to the LED driver.

Order Codes

Description	Order Code	Barcode
Solo	SE11192N0	5060522087069

Benefits

- Simple installation process
- LED technology for long service life
- Low wattage – reduced energy consumption

Key Features

- Simple to use and easy to install
- Diffused light – no visible dots
- Sleek contemporary appearance
- Elongated design ensures a vast spread of light across the worktop
- Fittings daisy chain together

Technical Specification

Wattage	2.5W
Voltage	24V
Light output	110 Lumens
Lumens per Watt (Efficacy)	68 lm/W
Colour rendering index	≥80
Beam angle	120°
Colour Temperature	Natural White: 4000 Kelvin
Cable Length	1.5 Meter
Operating Temperature	0°C ~ + 55°C
Material	Outer Body - Metal
	Inner Body - Plastic
	Diffuser - Polycarbonate

Mechanical Specification

Product Name	Dimensions (mm)	Weight (g)	IP Rating
Solo	H10, W39, L180	100	IP20
